

SOUTHDOWN EWE DYSTOCIA SIMULATOR

The VSI Southdown Ewe Dystocia Simulator is the next release in our line of high-fidelity training tools trusted by veterinary educators worldwide. Designed with accuracy and functionality in mind, the Southdown Ewe Dystocia Simulator is realistic in both size and conformation.

The lambs are equipped with a steel, articulated skeleton which allows them to be placed in a variety of positions allowing students to gain the confidence needed to perform dystocia scenarios in a live setting – increasing clinical proficiency and helping to protect both the ewe and lamb.

TECHNICAL SPECIFICATIONS

- 35" high, 54" in length and 18" at its widest
- Steel reinforced fibreglass model, water resistant components for easy cleaning
- Removable hatch for easy access points
- Interchangeable parts for multiple simulations
- Inflatable lamb air bed support
- Vinyl uterine bag
- Soft, durable birthing perineum panel
- Flexible removable tail
- Replica pelvis
- Head snare, landing mat
- Instruction booklet outlining the features of your model

REPLACEABLE PARTS

- Birthing Perineum Panel 1025610
- Ewe Uterus Set 1025607
- Udders 1025615
- Standard Tail 1025615
- Uterine Bag 1025617
- Lamb 1025618/1026066/1026068

DAY ONE SKILLS & PRODUCT BENEFITS

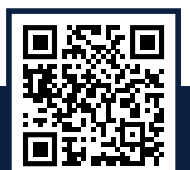

- Students can practice positioning the lambs in a variety of positions to accommodate for various dystocia simulations
- Udders allow students to practice tubing and cleaning procedures
- Application of simulated ointments for treatment of infection
- Lamb positioning and palpation
- Medium articulating southdown lambs included. Metal skeleton allows for appropriate force and for lambs to be positioned.
 - Airway for intubation tube
 - Umbilicus landmark to indicate injection site
 - Full natural tail for tail docking indications
 - Durable, flexible and easy to clean skin
 - Compatible with the Ewe Uterus Set for artificial insemination training upgrade kit
- Realistic in size and aesthetically pleasing allowing for better immersion in training scenarios
- Large and small lambs can be purchased separately
- Large – male; Medium – female; Small – male

Southdown Ewe Dystocia Simulator 1025616

UPGRADABLE PARTS

- Artificial Insemination techniques can be practiced with the purchase of Ewe Theriogenology Uterus Set. Ewe uterus set includes interchangeable ovaries.
- Suitable AI training
